

**Crestmoor Neighborhood  
(Glenview Fire)  
Site Security**

If you have any security issues, call the San Bruno Police Department at 650-616-7100. In the case of an emergency, call 911.

Security at the Glenview Fire Disaster area was transferred from the county-wide Mutual Aid structure to a private security force supervised by the San Bruno Police Department.

Under the new arrangement, site security was available 24 hours a day, 7 days a week. The San Bruno Police Department also increased police patrols in the neighborhood and assigned additional officers to that area.
